WHO WE ARE

One supplier, one invoice, one truck.

SupplyJet is a family export company based inside Gimat, Ankara's wholesale food heartland. For ten years we have consolidated Turkish food and cleaning brands into mixed shipments for wholesalers, supermarket chains and cash & carry operators across Europe and the Gulf.

Instead of buying from five suppliers and coordinating five trucks, you send one list and receive one shipment, one invoice and one set of export documents. We source, check and load every pallet ourselves.
